

OBJECTIVES:

1. Learn how to efficiently use and monitor the response to hypertonic saline in bronchiolitis.
2. Learn who to target for bronchodilators in the management of bronchiolitis, despite the current recommendations.
3. Appreciate which infants with bronchiolitis in the ED are at risk of needing airway support.
4. Learn whether RSV prophylaxis should be discontinued during the season following breakthrough infections?
5. Recognize the burden of RSV illness versus influenza in children aged < 2 years during seasonal influenza peaks.
6. Appreciate that change is needed with regard to radiography and antibiotic use in the management of bronchiolitis.
7. Learn that multiple births apart from a risk score is an independent risk factor for RSV hospitalization.
8. Changes for the 2020-2021 season: New materials shared by the OPDP program. Test your skills on the criteria for prophylaxis through a game of jeopardy.

CREDITS:

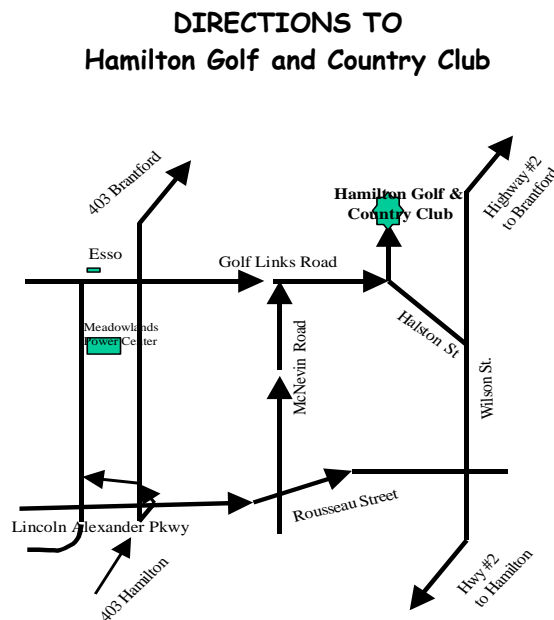

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada and approved for 6.5 Credits by the Canadian Paediatric Society.

PROGRAMME COMMITTEE

Dr. Bosco Paes
Dr. Moyez Ladhani
Dr. Sandra Seigel

SPEAKERS

Brian Kuzik, MD, MSc, FRCPC
Assistant Professor, Pediatrics
Queen's and University of Toronto

Kevan Mehta, MA, MB BChir, FRCPC
Assistant Professor, Division of Respiriology
McMaster University

Suzanne Schuh, MD, FRCPC, ABPEM
Professor, Division of Emergency
Medicine (Clinician-Investigator)
Hospital for Sick Children, University of Toronto

Jesse Papenburg, MD, FRCPC
Assistant Professor,
Division of Pediatric Infectious Diseases
McGill University

Jeffrey Pernica, MD, FRCPC
Associate Professor
Division of Infectious Diseases
McMaster University

Rodica Gilca, MD, PhD
Médecin-conseil
Institut national de santé publique du Québec
Associate Professor, Research Center
Université Laval

Sandra Seigel, MD, FRCPC
Associate Clinical Professor
Division of General Pediatrics
McMaster University

Bosco Paes, MBBS, FRCPC
Professor Emeritus, Pediatrics
Division of Neonatology
McMaster University

Andrew Cornacchia, PharmD, B.Sc.
EAP Manager
Drugs and Devices Division, MOH

PROGRAMME

- 7:30-8:15 **REGISTRATION**
- 8:15-8:30 **INTRODUCTION**
Dr. B. Paes
- 8:30-9:00 How to monitor and use hypertonic saline for bronchiolitis: Rocking the boat of recommendations.
Dr. B. Kuzik
- 9:00-9:30 Bronchodilators and bronchiolitis: A gospel for those that may benefit in the trenches.
Dr. K. Mehta
- 9:30-10:00 Which infants with bronchiolitis in the ED are at risk of needing airway support?
Dr S. Schuh
- 10:00-10:30 **REFRESHMENTS**
- 10:30-12:00 BREAKTHROUGH INFECTIONS AND RSV PROPHYLAXIS-DEBATE**
- 10:30-11:15 Supporting the motion to discontinue prophylaxis.
Dr. J. Papenburg
- 11:15-12:00 Supporting the motion to continue prophylaxis.
Dr. J. Pernica
- 12:00-13:00 **LUNCH**
- 13:00-13:30 Morbidity incurred by RSV versus influenza in children < 2 years during seasonal influenza peaks.
R. Gilca
- 13:30-14:00 Radiography and antibiotic use in bronchiolitis: Why are we not following the Pied Piper?
Dr. J. Papenburg
- 14:00-14:30 RSV infection: Double trouble with implications for clinical practice.
Dr. S. Seigel/ Dr. B. Paes
- 14:30-16:00 The Provincial RSV Program for the 2019-2020 Season and a game of jeopardy to test your skills.
A. Cornacchia/ Dr. B. Paes
- 16:00-16:30 **EVALUATIONS AND CONCLUSION**
